

IMPORTANT NOTICE—TRAFFIC SAFETY

In the interests of ensuring the safety of our students and their families, we ask that caregivers picking up or dropping off students during standard drop-off and pick-up times adhere to the following traffic convention :

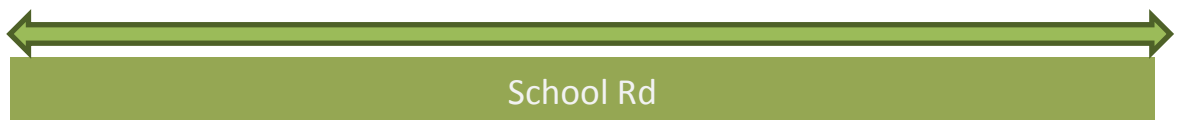

- Travel in a **clock-wise** direction, that is **UP (or West) School Rd, ACROSS (or North) Magpie Ave and DOWN (or South) Riley St**, and **park only on the school-side of School Rd**.

This ensures that students alight on the school side of the road, eliminating both the need to cross the road, and the two-way traffic which inevitably results in traffic jams and potentially dangerous situations.

- Refrain from parking on the northern side of School Road unless you are prepared to delay your departure until 9:00am or 3:30pm
- Use the drop-off/pick-up zone if possible. A staff member will generally be on duty to help direct your children when they see your car
- When using the drop-off/pick-up zone, pull as far forward as possible to enable others to pull in to the zone behind you.

Please park here only if you arrive before 8:30am and leave after 9:00am (morning drop-off), or before 3:10 and leave after 3:30 (afternoon pick-up).

Drop-Off/Pick-up Zone - Please pull to front when using
